*Draft Commercial Cannabis Ordinance CPC-2017-2260-CA "This draft ordinance helps to reduce the likelihood of crime and promote positive health outcomes by controlling the proliferation of commercial cannabis activity and restricting the location, in particular, of retail-type cannabis businesses, which have been associated with criminal activity, nuisance behavior and negative secondary effects. The draft ordinance contains location restrictions that limit the sale, cultivation, manufacturing, distribution and testing of cannabis and cannabis-derived products to certain agricultural, commercial and industrial zones and require businesses engaging in on-site sales of cannabis to maintain an engaging in on-site sales of cannabis. These restrictions will help to reduce the likelihood of concentration of cannabis retail businesses with on-site sales in the same neighborhood, so that no single area becomes a destination for cannabis retail and the anticipated instances of crime and nuisance behavior remain isolated from one another. Despite legal prohibitions against the behavior, some public consumption of cannabis is investable near sites with on-site cannabis retail sales. By increasing the distance between on-site cannabis retail sales and between on-site cannabis retail sales and sensitive sites- particularly parks, libraries, and schools, where minors are likely to congregate- these locations restrictions will help to reduce exposure to health risks such as secondhand smoke and will help to reduce minors exposure to cannabis and cannabis-derived produces."*
