

January 12, 2021

Dear Chair Silvas and Members,

Thank you for the opportunity to provide a letter regarding the status of plans at Sakura Gardens. I apologize for being unable to be there this evening. Since the meeting on September 10, 2020 no further steps have been taken with regards to this project. Plans that were submitted to the City of Los Angeles prior to the September meeting are still under review by the City. Upon reception of the City comments, we will begin review of the project taking into consideration the comments and action taken by this group that occurred on September 10th.

A handwritten signature in blue ink, appearing to read "R Webb", is positioned above the printed name.
